Seasonal Things to do

- ✓ Check to see if your nearest fire hydrant is buried in the snow! You definitely do not want the fire department to spend time looking for it and digging it out in an emergency. It is best to dig it out now! Please see: <https://www.truckeeffire.org/adopt-a-hydrant> for additional information.
- ✓ After the snow melts gather downed branches and start thinking about defensible space to protect your house in the event of a wild fire.
- ✓ Inspect your property for any needed repairs or maintenance issues. Does your house need paint or stain? Do you have fences that need to be repaired? Let's all help keep our neighborhood beautiful.
